Every school day is full of lessons, activities, and movement. To make everything run smoothly, schools use a (1)_____. A timetable shows the subjects for each period and helps students know what to bring and when to be ready. It keeps students organized and helps them manage their time wisely. For example, if you have (2)_____ first, you bring your lab book and coat. Teachers also follow the timetable, so every subject gets enough (3)_____. At our school, the day starts at 8:00 a.m. and finishes at 3:00 p.m., with eight periods every day and short (4)_____ between lessons.

3) Read the following text and answer the following questions:

In many schools, the timetable is one of the most important tools for managing the day. It tells students which subjects they have, when lessons begin, and what materials they should bring. Each morning, teachers review the timetable with their classes to make sure everyone is prepared. When changes happen—such as competitions, or special celebrations—students must adjust quickly. This helps them develop responsibility and problem-solving skills.

The timetable also includes short breaks between lessons. These pauses allow students to rest, organize their notebooks, and mentally prepare for the next subject. Without these breaks, the school day would feel longer and more stressful. For many students, the timetable acts like a compass, guiding them through the day and helping them stay on track. It not only keeps the school running smoothly but also teaches students how to manage time effectively.

Performance Tasks and Assessment

"How to Study Effectively"

If you want to learn smart and easy, you should follow these tips. First, you must find a quiet space to study so you can concentrate better without any distractions. Second, it is important to set small and achievable goals before you start any task. Your brain also needs time to process information, so remember to take short breaks. Moreover, using flashcards is a great way to memorize new vocabulary and facts quickly. This method keeps you motivated and makes learning more fun. Finally, remember that reading books builds your thinking skills and daily practice makes you perfect. Follow these steps to enjoy your study and reach success!

Weekly Assessment

Group (A)

Write a text of about 100 words on:

“The Importance of Reading”

Reading is a very important habit for everyone. It is like a journey that takes us to different places while we are sitting at home. Reading builds our thinking skills and improves our vocabulary. When we read stories, we learn about different cultures and values. It also helps us to concentrate and process new information. In my opinion, reading is the best way to spend our free time because it makes us wiser and more creative. We should read every day to improve our minds and gain more knowledge.

Group (B)

"A Fairy Tale You Read Recently"

Cinderella

I recently read the story of Cinderella. It is a famous
fairy tale about a beautiful and kind girl. She lived with
her cruel stepmother and two unkind stepsisters who
made her work as a servant. One day, the King made a
big party. Cinderella was sad because she had no nice
clothes. Suddenly, a kind fairy appeared and gave her a
beautiful dress and glass slippers. She went to the
party and met the prince. He fell in love with her
kindness. In the end, they married and lived happily
ever after. I like this story because it teaches us that
good people are always rewarded

 Dear Mahmoud,
 I hope you are doing well. I want to tell you about an unusual story I read recently called "The Library That Time Forgot." It is a fascinating tale about a hidden place where all the lost books in the world end up. The main characters have to solve ancient puzzles to find their way out before they become trapped in the stories forever!
 It was full of mystery and unexpected twists, and it taught me that knowledge is a powerful tool. I highly recommend you read it when you have some free time.
 Let me know what you think!
 Yours,

“Visiting my uncle’s farm”

Last week, I had an amazing trip to the desert with my family. We woke up very early before sunrise. The weather was cool and the air was fresh. During the day, the sun became very hot, so we rested inside a Bedouin tent. In the afternoon, we went on a camel ride and saw the beautiful yellow sand dunes. The desert was very quiet and peaceful. At night, the temperature dropped and it became freezing. We sat around a warm campfire, ate delicious traditional food, and looked at the bright stars. It was an unforgettable day.

Last month, our school organized a fantastic camping trip for my friends and me. We went to a beautiful place near the mountains. When we arrived, we worked together to build our tents. It was hard work, but we helped each other. After that, we climbed the hills and took many great photos. In the evening, we made a big campfire. We sat around it, sang our favorite songs, and told funny stories. We slept in the tents, which was a new and exciting adventure. We learned a lot about teamwork and had a wonderful time.

Every summer holiday, I love visiting my uncle’s farm in the countryside. It is a very peaceful and beautiful place. When I go there, I usually wake up early to breathe the fresh, clean air. I spend the morning helping my uncle feed the farm animals, like cows, sheep, and chickens. Sometimes, I help him collect fresh eggs and pick delicious fruits from the trees. In the afternoon, I enjoy running in the green fields and playing with my cousins. Life on the farm is simple and quiet, far from the noise and pollution of the city.

"An Amazing place on Earth"

The Earth is full of amazing places, but the Amazon Rainforest is truly incredible. It is located in South America and is often called the "lungs of the Earth" because it produces a huge amount of the oxygen we breathe every day. It is a huge forest that is home to many unusual plants, hidden insects, and breathtaking animals. Explorers and scientists love visiting it to discover its secrets. However, this beautiful natural wonder needs our protection. We must care for our environment to keep the rainforest safe for future generations. It is a breathtaking place that shows the true power and beauty of nature.

Countries around the world have decided to take action to protect the Earth. Many countries have introduced.....(1) programs. More families have used(2) panels for clean energy. Although the problems are serious, humans have.....(3) positive changes to protect the planet. If we use modern technology.....(4) to protect the environment, we will achieve our goals.

Home performance:

Write a paragraph of about 100 words about:

“Using Technology to solve Environmental problems”

Technology can play a great role in solving environmental problems and protecting our incredible Earth. For example, we can use solar panels to produce clean energy instead of burning fossil fuels. This helps reduce air pollution and global warming. Also, modern technology helps scientists track climate change and protect endangered animals in their natural habitats. Furthermore, smart irrigation systems save a lot of water in farming. If we use these modern inventions wisely, we can reduce waste through recycling programs and make the world a safer and cleaner place for future generations to live in.

Weekly Assessment

Group (A)

Write a paragraph of about 100 words about:

“Help The Environment”

Group (B)

Write a paragraph of about 100 words about:

“Solve the Problem of Pollution”

Group (C)

Write a paragraph of about 100 words about:

“Keep our School Clean and Green”

Our environment is in danger, but we can all help to save it. Small actions can make a big difference if we work together. First, we should plant more trees because they give us clean oxygen and reduce global warming. Second, we must save water by turning off the tap when we brush our teeth. Also, we can reduce waste by recycling old paper, plastic, and glass instead of throwing them away. Finally, using clean energy like solar panels is a great way to stop pollution. If everyone cares for the Earth, our world will be a much safer place.

Pollution is one of the most serious problems facing our incredible Earth today. It harms humans, animals, and plants. To solve this problem, we need to take action quickly. Instead of driving cars everywhere, we can walk, cycle, or use public transport to reduce air pollution. Factories should also use clean energy like solar or wind power instead of burning fossil fuels. Furthermore, we must stop throwing plastic waste into rivers and oceans to protect marine life. By recycling our rubbish and planting more green trees, we can keep the air clean and stop climate change.

School is our second home, so it is very important to keep it clean and green. My classmates and I in Prep 2 always work together to protect our school environment. We make sure to throw our rubbish in the correct bins and never drop litter on the playground. We also started a recycling project to collect old paper and plastic bottles. To make our school green, we planted beautiful flowers and small trees for The School Garden Project. By keeping our school clean, we create a healthy and happy place for everyone to learn.

2- Complete the text with words from the box:

healthy - pollution - threatened - wildlife - natural

In the last 50 years, humans have cut down millions of trees and destroyed large areas of forest. As a result, many animals have lost their(1) homes, and some have become endangered. Scientists warn that air pollution and climate change are rising quickly. However, people are taking action. Many countries use solar panels and recycling programs to reduce (2) and protect(3) . Organizations also help (4) animals and keep ecosystems healthy.

3- Read the following text and answer the following questions:

Earth is a planet filled with remarkable features, many of which continue to amaze scientists and explorers. The Sahara Desert, one of the largest deserts in the world, is so vast that astronauts can spot it from space. On the opposite side of the planet lies the Amazon rainforest, often called “the lungs of the Earth” because it produces a large amount of oxygen. Another impressive landmark is Mount Everest, the tallest mountain on Earth, challenging climbers with freezing temperatures and thin air. Although humans have explored the land extensively, more than 90% of the oceans remain hidden. This huge unexplored world reminds us that our planet still holds countless mysteries waiting to be discovered.

A) Choose the correct answer from a, b, c or d:

- What is the main idea of the passage?
 - The dangers of climbing Mount Everest
 - Different natural wonders that make Earth extraordinary
 - Why space exploration is important
 - How deserts form
- In the text, the word “it” in the phrase “astronauts can spot it from space” refers to:
 - Earth
 - The Amazon rainforest
 - The Sahara Desert
 - Mount Everest

Different natural wonders that make Earth extraordinary
The Sahara Desert

B) Answer the following questions:

1. What makes the Amazon rainforest important to Earth?

It produces a large amount of oxygen.

2. Which part of Earth remains mostly unexplored, according to the passage?

More than 90% of the oceans.

3. What do you think motivates people to explore difficult places like Mount Everest?

The desire to discover new mysteries, face challenges, and see the true power and beauty of nature.

4. Choose the correct answer from a, b, c or d:

1. The Grand Canyon and the Sahara Desert are examples of

- a) animals b) landscapes c) cities d) foods

2. The Amazon is called the "lungs of the Earth" because it produces a lot of oxygen.

- a) desert b) mountain c) rainforest d) ocean

3. Climbing Mount Everest is challenging because it is the tallest

- a) volcano b) river c) mountain d) valley

4. The Earth's keeps its atmosphere in place and allows humans to breathe.

- a) gravity b) radiation c) sunlight d) soil

5. Most students enjoy the games, some prefer quieter tasks.

- a) while b) but c) however d) and

6. Photographers these sights to share their beauty.

- a) has captured b) captured c) capturing d) have captured

3. Mowgli protected both the jungle and the villagers when danger appeared.

True

4. In the end, Mowgli chose to live only in the jungle and left human life behind.

False

b) Answer the following questions:

1. Why did Mowgli defend the jungle against hunters?

Because they killed needlessly.

2. How did Mowgli find a new kind of peace between the two worlds

By keeping a balance between the jungle and the village, helping both worlds and living in harmony with them.

6- Rewrite the following sentences using the word(s) in brackets to give the same meaning:

1- Scientists have explored the Amazon rainforest since 2005. (for)

Scientists have explored the Amazon rainforest for twenty-one years.

2- Photographers have captured these natural wonders. (already)

Photographers have already captured these natural wonders.

3- Scientists have explored the Amazon rainforest for many years. (since)

Scientists have explored the Amazon rainforest since a long time .

"Reading Stories"

Reading stories is one of the most useful and exciting hobbies. It helps us learn new vocabulary, improves our English language, and builds our imagination. When we read folktales or adventures, we learn important lessons and morals, like courage, honesty, and helping others. For example, stories about the jungle or the desert teach us how characters survive and adapt to tough situations. Moreover, reading helps us relax and reduces stress after a long school day. I always encourage my friends to visit the school library and borrow interesting books. Everyone should make reading a daily habit to become smarter and more creative.

Listening texts:

Model Exam 1:

Smart learning uses modern technology to help students study in faster and easier ways. Instead of only using books, learners can watch videos, join online classes, and use educational apps. This makes learning more interesting and personal. Students can study at their own pace and review lessons anytime. Smart learning also helps teachers track progress and give better feedback. It prepares students for a world where technology is part of everyday life.

Model Exam 2:

Our planet is very important, and we all have to take care of it. Pollution, deforestation, and climate change are harming the environment. We can help by recycling, saving energy, and planting trees. Using less plastic and walking or recycling instead of driving can also make a difference. Everyone can do small things to protect the Earth. If we all work together, we can make the planet cleaner and healthier for future generations.
