Studying can sometimes feel like a big mountain to climb! Here are a few simple tips to make studying easier and more fun. You should find your best time to learn. Some people like to study in the morning, while others prefer the afternoon or evening. Choose a quiet place where you can concentrate. Make sure you have everything you need, like books, pens, and snacks. Take short breaks for about 20-30 minutes.

Listening 2

I'm Nabila. Today my grandma showed me some old photos of our city. It was a town back then! She could walk to the sea from her house - across fields! There were lots of green spaces, and it looked so peaceful in the photos. Now, there's hardly any open land left. It's all been taken over by construction. The population has grown so much that there are apartment buildings from here to the sea. I love my city.

Listening 3

Heba was shopping yesterday. She went to the butcher's. She bought a kilo of meat. She paid the butcher 400 pounds. She went to the greengrocer's. She bought tomatoes and carrots. She paid forty pounds for the tomatoes and sixty pounds for the carrots. At last, she went to the bakery and bought bread for twenty pounds. She walked home at twelve o'clock.

Listening 4

This week at school, we're talking about digital habits. I thought about how, when, and how often I use digital technology and I realized that my digital habits are quite good. For example, I never watch video or look at my phone for too long in the evening. I usually read a book in the hour before I go to bed instead to give my eyes a rest from looking at a screen.
