Malak and Injy are talking about proverbs. Malak explains that proverbs have more than one meaning. Injy asks Malak about the proverb "The early bird catches the worm". Malak says it has two meanings. First, a bird that is early, or the first to try to catch a worm, usually catches it. It also means that to be successful, you need to be the first to do something. Malak shows her another proverb "Birds of a feather flock together." She explains: if they flock together, they stay in a large group. And maybe it mentions feathers because they all have similar feathers. That means similar people like doing the same things.

Charity work and volunteering

We learn many important life skills when we volunteer. We learn how to socialize and talk to people who we wouldn't usually meet. Volunteering also gives us confidence. Teenagers grow in confidence when they start volunteering, Fundraising helps charities get the money they need. It's good to give back to the place where you live. We show volunteer and help if we can.

Being a good citizen

There are lots of ways to be a good citizen. You can volunteer to help your community. Be polite and kind to your neighbors, Help people who are old or sick. Call your neighbors to ask how you can help. You can offer to do their shopping or do jobs for them at home.
