Dear Magdy,

How are you these days? I know you are very busy with your work but, please just spend five minutes reading my letter.

Recently, I saw a film called "The Click". It's about a man who was always busy with his work, like you. He was so busy that he didn't have time for his family. He thought that making a lot of money would bring happiness to his home. Until one day, he found a magic remote control. By clicking on it, he could make time pass more quickly. At first, it was a very good thing. He used it all the time. He used it to replace the time he spent with his family to the time he spent on work. However, he didn't know that he could make time go back until he looked in the mirror and saw he was an old man! It was too late. His wife got married to another man, his daughter was a beautiful lady, his son was about to get married and his father died. Finally, the last words he said to his family were: "Family's got first".

Please take a rest and go out, have fun with your family. Wish you and your family all the best.

Your cousin,
Manal
