I always get up at 6.30 in the morning. My mum always makes my breakfast. I go to school by bus with my friend, Dina. Sometimes we listen to music. My parents work at the hospital. They get home late, so I often help to make dinner. In the evening, I do my homework, read on the sofa, watch TV and text my friends. Then I go to bed.

My bedroom is small, but it is really attractive. I like it very much. I have a lamp next to my bed so I can read at night. I have a wardrobe with a mirror on the front. My bed is under the window. The colour of the curtains matches the carpets. When I open the curtains, there is always lots of sunlight in the room. The best thing about my bedroom is the sofa. I can sit there and watch videos on my computer. There is an armchair next to the window. I put my clothes in a big chest of drawers. This is next to the door. Finally, I love my bedroom as it is so comfortable.

3-What your family and you usually do in the holiday

My name is Ali. I'm from Giza. It's a large city. I live in a flat. There are five people in my family: me, mum, dad and my two brothers. We don't usually have a routine in the holidays. We always play and have fun when we go there. We have lunch and take a lot of selfies there. We go home at about four o'clock. In the evening, I often listen to music.

Unit two : How are you feeling?

1-Night workers

We all should respect night workers. There are many hard jobs such as nurses, call-centre workers and policemen. Nurses have to stay late at night in hospitals. They should look after patients all night. They behave kindly to patients and help them to recover. Call-centre workers also answer phone calls of people. They help them to solve their problems. They should be also kind to people. Finally, policemen are very important for our life. They drive around the city and make sure that people are safe in the streets. Night workers are very useful for the community.

2-Useful jobs

There are many useful jobs in our community. People who do these jobs help us a lot. Here is a list of the most useful jobs in our community. 3-Happiness for teenagers

A teenager is someone who is between thirteen and nineteen years old. Teenagers should use their time in a good way. There are some tips that can help teenagers to feel happy and to achieve their goals. First, they should get lots of rest. Young people who sleep eight to ten hours a night are much happier. They shouldn't stay up late because this isn't useful for their health. Secondly, it's important for them to spend time with their families and make new friends because this makes them happy, but they should choose their friends carefully. Finally, it's important for them to remember the good things in their life and feel pleased about them.

There are a lot of heroes around us. There are teachers, sports players, doctors, policemen and more. These people are heroes at their jobs. A hero is someone who is very brave. A hero is patient, kind, smart and lovely. He is able to help others in different ways. A person can become a hero by saving someone who is in danger. A hero is someone that puts people first. A hero thinks about other people before he thinks about himself. Firefighters are heroes. They think about saving people. Sometimes a hero can be a teacher.

Last week, I visited one of the greatest historic places in Egypt. It is called Abu Simbel Temple. It's near Aswan. I went there on a school trip. It was my first time to visit Abu Simbel Temple. Abu Simbel Temple was built by the Egyptian King Ramses II. There are four statues in front of the temple. This place is awesome. We met a guide there. He gave us a lot of information about the temple. There were a lot of tourists from all over the world. I spoke with them in English. Abu Simbel Temple is one of the best places in Egypt. Objects from the past can help us to understand what life was like many years ago. In Ancient Egypt, many people used mirrors to help them paint around their eyes. The paint helped them to protect their eyes from the sun. The mirrors were metal and had interesting designs. The Ancient Egyptians also used pots and bowls for making food such as bread. These objects were made of clay, which was taken from the River Nile. The Ancient Egyptians liked the game of senet. The senet game has 30 squares. It's about 3,500 years old.

Unit Five : Helping you, helping me

1-Random acts of kindness

A random act of kindness is a kind thing that you do for someone, for no reason. Last week, our class decided to do one act of kindness every day for three days. First, on Monday, I bought my mother some flowers. After that, on Tuesday, I gave my seat to an old man on the bus. Finally, on Wednesday, I donated money and clothes to a charity which helps disabled people. In my opinion, doing random acts of kindness is fantastic! So, it is important to help people in the community.
