- 65- An online safety precaution is to communicate with people you do not know. (F)
- 66- Your files can be uploaded to OneDrive. (T)

Second : Choose correct answers:-

1- performs complex tasks that simulate the human element in thinking and performance

A- Artificial intelligence

B- Switches

C- Digital fingerprint

D- Wired networks

2- Types of wireless networks are connected by

A- Ports

B- Wi-Fi

C- Modem

D- Switches-

3- is used to convert the signal received from the ISP into a digital signal.

A- Modem

B- Ports

C- Wi-Fi

D- Switches

4- The Internet Service Provider is known by the abbreviation

A- ISP

B- USB

C- GPR

D- GPS

5- The technology of helps to imitate sounds by providing them with the tone of a natural human voice

A-Artificial Intelligence

B-hearing aids

C-Bluetooth

D-Assistive Technology

6- The local area network (LAN) connected by a connecting cable between computers is considered one of the types of networks

A-Wired

B-Wireless

C-Wide-range

D-Wi-fi

7- The cables and wires in wired networks are connected to places called

A- Ports

B- Wi-Fi

C- Modem -

D- Switches

8- Thehelps to send data to a specific device over the network easily and smoothly.

A- Switches

B- Ports

C- Wi-Fi

D- Mouse

9- is used as 3D environment that allows you to deal with what you see and hear as if it were real

A-Virtual reality

B- Converters

C-Digital footprint

D-Assistive technology

10- technology is used to open the phone using the facial recognition system.

A-Assistive technology

B-Artificial intelligence

C-Virtual reality

D-Converters

11- You can tour archaeological site and go back thousands of years, using technology

A-Virtual reality

B-Modem

C-Bluetooth

D-Router

12- technology combines the real world and virtual reality

A-Router

B-Augmented reality

C-Bluetooth

D-Digital footprint

13- technology helps in teaching in an interactive way and Makes learning more memorable.

A- Digital footprint

B- Transformers

C- Modem

D- Augmented reality

14- Headset are worn to deal with technology

A- Virtual reality

B- Digital footprint

C- Hacking

D- Scanner

15- You can see atoms and insects larger than you using technology

A- Virtual reality

B- Transformers

C- Modem

D- Router

16- technology improves the lives of people with disabilities.

A- Assistive

B- Old

C- Traditional

D- Complex

17-Technology is the latest and most advanced version of services and products.

A- Cutting edge

B- Old

C- Past

C- Traditional

18- machine helps the visually impaired to read.

A- Scanning and reading

B- Prosthetic leg

C- Printing

D- Photography

19- technology helps people of determination to enlarge the screen and audio and convert speech to text and vice versa

A- Traditional

B- Assistive

C- Past

D- Hacking

20- help to instant translation of the sign of deaf people.

A- Screen enlargement programs

B- Bell ball

C- Prosthetic leg

D- Smart gloves

21- Elements of evaluating good products

A- High cost

B- Poor manufacturing

C- Findable

D- Manufacturing country

22- Most important goals of assistive technology

A- Difficulty of use

B- Improving someone's independence

C- Not useful for others

D- Difficulty of access

23- Points to consider when buying a good product

A- Usability

B- Difficulty of use

C- Manufacturing country

D- No need for it

24- Goals of technology Meeting the needs of people of determination.

A- Help

B- Traditional

C- Digital footprint

D- Piracy

25- It is a collection of information, usually stored in a computer system.

A- Paper books.

B- Databases.

C- Search engines.

D- Digital search tools.

- 26- It is a database, which includes all the sources and items contained in the library.
- A- Library catalog. B- Internet.
C- Paint program. D- Search engine.
- 27- It is an open source program used to build robotic applications.
- A- Microsoft Windows B- Robot Operating System - ROS.
C- Android. D- Apple iOS.
- 28- a programmers used language to create web pages.
- A- Automotive. B- macOS.
C- HTML D- Apple iOS.
- 29- is the standard programming language used to create web pages.
- A- Microsoft Windows. B- Word.
C- Android. D- HTML.
- 30- The tag is used to create a paragraph.
- A- <p> B- <h1>
C- <i> D-
- 31- One of the goals of technology is to meet the needs of people with disabilities.
- A- Assistance B- Traditional
C- Digital footprint D- Hacking
- 32- is the standard programming language used to create web pages.
- A- Microsoft Windows. B- Word.
C- Android. D- HTML.
- 33- Some electronic games generate feelings of aggression in some people and this is one of the dangers.
- A- Physical. B- Security.
C- Psychological. D- Environmental.
- 34- Security dangers of electronic games
- A- Eye strain. B- Feelings of anxiety and depression.
C- Weight gain. D- Allowing strangers to access your name and email.

35- requires at least two ways to identify yourself.

A- Passwords.

B- Full encryption.

C- Fingerprint.

D- Multi-factor authentication.

36- In facial recognition, the user must use only to unlock his device or the applications in it.

A- Face.

B- Finger.

C- Password.

D- Voice.

37- Know as a type of malware.

A- Scareware.

B- Office software.

C- Operating systems.

D- Impersonation.

38- One of Internet safety precautions

A- Share your personal information on the Internet.

B- Use secure Internet browsers.

C- Communicate with people you don't know.

D- Use weak passwords.

39- includes written, visual, audio, video, and materials from the Internet.

A- Malware.

B- Electronic financial trading.

C- Copyright.

D- Programming languages

40- are online applications that provide guidance and financial services.

A- Egyptian Knowledge Bank.

B- Advisor- robots.

C- Stock exchange.

D- Financial brokers.

41- is an on-demand technology that allows data and programs to be stored and accessed through remote servers over the Internet.

A- Cloud computing.

B- Hard disks.

C- Copyright.

D- Office software.

42- The disadvantages of using cloud computing are

A- Improved storage capacity on devices.

B- Ability to access your files from multiple devices.

C- Possibility of data breaches.

D- Ability to share files with authorized users.

43- Microsoft 365 provides a set of productivity applications, such as

A- HTML

B- Microsoft Teams

C- Internet

D- Viruses

44- The platform allows you Store and share your files.

A- Calculator

B- Paint

C- help

D- OneDrive

45- requires two methods at least to identify you.

A- Passwords

B- Full encryption

C- Fingerprint authentication

D- Multi-factor authentication

46- It is an on-demand technology that allows data and programs to be stored and accessed through remote servers over the Internet.

A- Cloud computing

B- Hard disks

C- Copyright

D- Office software
