8. Write a paragraph of about EIGHTY (80) words on ...: (6 marks)

No one can deny that writing about is very important and interesting. It deserves more than one topic, but I'll do my best.

مقدمه

At the end, I hope I have completed what you asked me to do. Talking about that was not easy. I did my best and I wish you enjoy reading.

خاتمه

Your summer vacation

This summer, I had lot of fun during mg vacation. Since I'm a student in prep one, I had plenty of time to relax and enjoy different activities. I spent time with my family, and we went to some fun places. I also practiced English, trying to improve my reading and writing skills. Sometimes, I helped mg parents around the house and learned new things. I enjoyed simple things like playing with my friends and watching movies. Even though school is starting soon, I'm happy with the memories I made this summer!

A sports star

Hana Goda is a famous table tennis player from Egypt, and she's someone I admire as a student in prep one. She started playing at a young age and quickly became one of die top players in the world. I find her story amazing because she works hard to improve her skills, even at a young age. Watching her play in big tournaments makes me want to try harder in my own activities, just like her. Hana is not just a champion, but also a role model for young students like me who dream of success in what we love.

A wedding party

Last weekend, I went to my cousin Amira's wedding in Luxor. It was a wonderful day filed with joy and family. Amira looked beautiful in her white wedding dress, and Ayman, the groom, wore o traditional white suit. The ceremony was beautiful and the food at the reception was delicious. I enjoyed the best part of the wadding, which was the fun and lovely reception. I spent time with my family including aunts and uncles I don't see often. The wedding cake was fantastic, and I loved sharing this special day with everyone.

Healthy food

We should eat healthy food and stop eating unhealthy food. Cakes, chocolate and biscuits have a lot of sugar and fat. Too much of this type of food is bad for our bodies. Fruit is a great snack. It is very good for us. You should eat between two and four pieces of fruit a day. Beans and vegetables don't have much sugar or fat. They are very good for us, so should eat a lot them. We should be careful even with healthy food. Fruit juice has got a lot of sugar, so we shouldn't drink too much of it.

How to stay safe online

Using technology is very important in our life. When you are online, you need to follow some rules to stay safe. First, keep your password secret. Don't make friends with people you don't know online. Don't tell people your personal information. Don't send photos to people you don't know. If you are worried about something, tell a parent or a teacher. Don't answer a phone call or a video call from someone you don't know. You must be very careful on using modern technology. You must also keep your address, password and telephone number secret.

How to spend your free time

It is important to use your free time well. For me, I love coloring and painting, and I really enjoy going to art club after school. I also practice most days at home. It's so relaxing. My favorite thing to draw is animals. I think I can draw cats, dogs and rabbits quite well! Here's a drawing I did of my cat last week. Do you like art, too? I would like to meet other people who share my hobby so that we can set up a group to draw and paint together. We could share ideas, give each other tips to improve our work, and have fun!

How to be eco-friendly

My name's Rami. Last year, I watched a documentary about the effects of human activities on the planet. After that, I decided to make some changes in my life because I wanted to be more eco-friendly. I wanted to be more eco-friendly. I traveled to school by bus, but now I ride my bike to school. It only takes 15 minute, it's healthy and fun. I never put my trash in the recycling bin and I never thought about if it was recyclable or not. Now I always look for the right type of recycling bin and put my trash in it because I understand how important it is to reuse the Earth's resources.

How to save energy at home

There are many tips to be more eco-friendly and save energy at home. We should switch off lights, TVs, computers and all electronic devices when they aren't in use. Don't leave them on stand-by. We can also have a short shower, not a bath. If we do this, we can save a lot of water. We can reuse things in our trash. We can use them to make other things. We can use plastic bottles to make a bird feeder.

From : Ali @yahoo.com
To : Hassan friend@yahoo.com
Subject : **Water scarcity**

Hi Hassan !

How are you ? I'm writing to tell you about the problem of water scarcity. I think it is a worrying problem. It is caused by climate change. A lot of people all over the world don't have fresh clean water. Dirty water can make people ill. The biggest impact of water scarcity can be on children. Although It is a dangerous problem, we can find some solutions. We should look for new water resources and develop new technology. See you soon.

Yours,
Ali

Listening 1

Saving electricity is important for both yourself and the environment. One simple way to save electricity is by turning off lights when you leave a room. Also, use energy-efficient light bulbs that consume less power. Unplug devices like phone chargers and other electronics when you are not using them, as they can still use energy when plugged in.

Listening 2

The Temple of Edfu is an Ancient Egyptian temple in the town of Edfu. The town is on the West Bank the River Nile between Luxor and Aswan. The temple is about 2,250 years old. It is important for understanding life in Ancient Egypt because the writing on its walls gives us very interesting and useful information about language and religion over 2,000 years ago.
