13 Read the following text and answer the questions:

It's hard to believe that only just over a century ago, there was no electric light to switch on. People used candles, gas, and oil lamps to light their homes, and to work and study.

The electric light bulb was invented in 1879 by Thomas Edison. He invented many other useful things, but the electric light bulb was the most important. He also invented things that helped other people develop their own inventions.

Edison was a clever inventor. However, when he was a child, his teachers thought he was stupid because he asked too many questions. His mother said that he didn't ask questions because he was stupid, but because he wanted to know how things worked. She taught him at home. Edison worked so hard day and night that we owe him a lot until now.

A Choose the correct answer:

Hello Salma,

How are you doing? I am so happy to write to you. I am going to tell you about how we do chores at my home. In the morning, my mother prepares breakfast for the whole family. My siblings and I take turns washing the dishes for the different meals of the day. My father takes out the trash in the morning as well. I'm sure that it is important to do our part in the house to ensure that everything is in order. Let me hear from you.

Bye,

18 Write a paragraph of (70) words using the following guiding elements:

“Caring for my turtle”

Turtles are super cool! I learned that they eat flowers and plants, so if you have a pet turtle, you need to make sure they have a lot of space to move around and explore. They also need clean soil to dig in. Turtles sometimes need a heat lamp to keep them nice and warm. When it's time to sleep, they like to find a safe and quiet place. Taking care of a turtle sounds like a lot of work, but I think it would be so much fun.

13 Write a paragraph of (70) words using the following guiding elements:

“My school week”

My school week is always busy but enjoyable. I take the bus to school every morning and wear my uniform. In class, I study many school subjects like English, Math, and Science. During lunch, I sit with my friends and we talk and eat together. Sometimes, we go on trips organized by the school, which are always fun. After lessons, we play games in the playground. I really enjoy my school week because I learn new things and spend time with friends.

14 Write a paragraph of (70) words using the following guiding elements:

“The school library”

The school library is such an important place! Reading is very important, and the library has so much information. I love finding books I like there. The librarian is very nice and helps me find good stories. The library is like a magical world full of books. I can borrow them and take them home. I go to the library often because I love reading and exploring new adventures. It is my favorite place to learn and have fun.

3 Write a paragraph of (70) words using the following guiding elements:

"Caring for your cat"

Give your cat lots of attention so it feels safe. You should stroke it. This means that you should move your hand over its back, or under its chin; cats love this! They like a warm, comfortable bed, but sometimes they just sleep on the couch! Don't wake it up – cats need to sleep for about 15 hours every day! They like small meals at different times in the day. Cats shouldn't have much milk to drink. Milk is bad for them. Water is better. Cats should go to the vet once a year for vaccinations. These stop them from getting sick. If you look after your cat well, you'll have a new furry friend in your life.
