## Listening

### 1 Listen and circle the correct answer from a, b, c, or d:

4

- 1 Energy is something we all need every .....  
a) week                      b) day                      c) month                      d) year
- 2 We use energy to light our homes, cook, watch TV, and ..... our phones.  
a) build                      b) sell                      c) change                      d) charge
- 3 Some energy comes from nature like ..... and wind energy.  
a) solar                      b) coal                      c) gas                      d) oil
- 4 Solar and wind energy are ..... and don't pollute the environment.  
a) clean                      b) dirty                      c) harmful                      d) expensive

## Reading

### 2 Choose the correct answer from a, b, c, or d:

1.5

- 1 He isn't afraid of dogs. He is .....  
a) scared                      b) beautiful                      c) kind                      d) brave
- 2 Beauty is not as important as .....  
a) kindness                      b) size                      c) color                      d) shape
- 3 We can see ..... when we go snorkeling.  
a) turtles                      b) lions                      c) camels                      d) particles

### 3 Read and complete the text with the words in the box:

1.5

Rule – student – Nanoscience – global

Dr. Mostafa El – Sayed is a brilliant Egyptian scientist. Dr. El – Sayed became a (1) ..... expert in chemistry and nanoscience. (2) ..... is the study of very tiny things—much smaller than a human hair. One of his most important discoveries is called El – Sayed's (3) ....., a scientific idea that was named after him.

4 Read the text and answer the questions:

The High Dam is a huge wall that crosses the Nile River in Aswan, Egypt. It holds a large lake called Lake Nasser. The High Dam provides electricity, stores water, and protects cities from floods. Farmers use the stored water to grow crops. People use electricity in homes, schools, and factories. Saving water and energy is important for Egypt's development.

A Choose the correct answer from a, b, c, or d:

- 1 The High Dam provides .....  
a) meals                      b) cars                      c) trees                      d) electricity
- 2 The stored water helps farmers grow .....  
a) crops                      b) buildings                      c) people                      d) water

B Answer the following questions:

- 3 What is the name of the lake near the High Dam?  
.....
- 4 Where is the High Dam?  
.....
- 5 Where can people use electricity?  
.....

 Writing

5 Put the words in the correct order to make sentences:

- 1 resources – do – water – do – What – engineers?  
.....
- 2 park – keep – clean – the – We – should.  
.....

6 Read and write the correct form of the word(s) between brackets:

- 1 They ..... (must) sleep at school.
- 2 What can she ..... (doing)?

**7 Punctuate the following:**

4

**1** my father works in cairo.

.....

**2** the rose often made fun of the cactus

.....

**8 Write a paragraph of about (50 – 60) words using the following guiding elements:**

7

“Reducing food waste at home”  
save leftovers – store properly – share

.....  
.....  
.....

## Listening

### 1 Listen and circle the correct answer from a, b, c, or d:

4

- I'm doing research about jobs that help our .....  
a) family                      b) school                      c) community                      d) city
- I want to be a/an ..... because I like fixing things.  
a) teacher                      b) mechanic                      c) paramedic                      d) engineer
- Ali wants to be a ..... because it's a brave job and he will help save lives.  
a) cook                      b) driver                      c) farmer                      d) paramedic
- Sara wants to be a ..... to help people get clean water.  
a) water resources engineer                      b) doctor  
c) nurse                      d) builder

## Reading

### 2 Choose the correct answer from a, b, c, or d:

1.5

- Oil and gas are ..... energy resources.  
a) renewable                      b) clean                      c) natural                      d) non – renewable
- Plastic is a ..... resource.  
a) natural                      b) man – made                      c) renewable                      d) vegetable
- To reduce food waste, we should ..... food properly.  
a) store                      b) throw                      c) cook                      d) ignore

### 3 Read and complete the text with the words in the box:

1.5

sunshine – power – water – wisely

Energy is something we all need every day—to light our homes, cook, watch TV, and charge our phones. In Egypt, we use electricity, gas, and solar (1) ..... But energy is not endless, so we must use it (2) ..... Some energy comes from nature, like solar and wind, which are clean and don't pollute. Egypt has lots of (3) ....., so using more solar panels saves money and helps the planet.

**4 Read the text and answer the questions:**

7

One day, the rose saw a small bird fly down and gently peck at the cactus. The bird drank some water from inside the cactus and flew away, happy and refreshed. The rose was surprised. She didn't know the cactus had water inside. The rose felt embarrassed and said sorry. The rose asked the cactus for some water. The kind cactus smiled and shared his water with the rose. Slowly, the rose came back to life. From that day on, she never judged anyone by how they looked again.

**A Choose the correct answer from a, b, c, or d:**

- 1 The rose learned that being ..... is the most important.  
a) big                      b) colorful                      c) beautiful                      d) kind
- 2 The bird drank water from the .....  
a) rose                      b) cactus                      c) pond                      d) soil

**B Answer the following questions:**

- 3 What did the bird do after drinking water from the cactus?  
.....
- 4 Why was the rose surprised?  
.....
- 5 What did the rose learn about judging others?  
.....

 **Writing**

**5 Put the words in the correct order to make sentences:**

1

- 1 so – Why – many – do – have – thorns – you?  
.....
- 2 Doctors – medicine – give – people – to.  
.....

**6 Read and write the correct form of the word(s) between brackets:**

4

- 1 We ..... (able to) to see the view of the garden.
- 2 Drivers ..... (mustn't) stop at red lights.

7 Punctuate the following:

4

1 Is arabic your favorite subject

.....

2 Nadia and omar are my best friends

.....

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

“Using energy in Egypt”  
energy – save - solar panels

.....  
.....  
.....

## Listening

### 1 Listen and circle the correct answer from a, b, c, or d:

4

- 1 The High Dam helps people in many .....  
a) kinds                      b) areas                      c) ways                      d) countries
- 2 Farmers use the water for .....  
a) fishing                      b) irrigation                      c) drinking                      d) swimming
- 3 It protects cities from dangerous .....  
a) floods                      b) winds                      c) fires                      d) sandstorms
- 4 The dam makes sure people have water even when the ..... is low.  
a) sea                      b) river                      c) lake                      d) desert

## Reading

### 2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Egyptians carved statues from .....  
a) wood                      b) clay                      c) granite                      d) paper
- 2 Thorns protect the ..... from harm.  
a) flower                      b) cactus                      c) rose                      d) palm
- 3 A ..... helps people cross the road and control cars.  
a) dentist                      b) doctor                      c) baker                      d) traffic officer

### 3 Read and complete the text with the words in the box:

1.5

scientific – old – born – young

Mostafa El – Sayed is a brilliant Egyptian scientist! He was (1) ..... in Egypt in 1933 and had a great love for learning from a (2) ..... age. He studied at Ain Shams University in Cairo before going to the United States to continue his (3) ..... research.

**4 Read the text and answer the questions:**

7

Ancient Egyptians built temples, houses, and tombs. They used materials like stone, clay, and wood. We still use stone today for sculptures and buildings. Papyrus was used for writing. Linen was made from flax. They used gold and colored stones to make jewelry. They made pots, jars, bricks, small statues, and amulets from clay. These materials helped them develop culture, and art.

**A Choose the correct answer from a, b, c, or d:**

- 1 Papyrus was used for .....  
a) farming                      b) writing                      c) cooking                      d) trading
- 2 Linen is made from .....  
a) flax                              b) cotton                      c) silk                              d) paper

**B Answer the following questions:**

- 3 Name two materials used by Ancient Egyptians.  
.....
- 4 What did they use to make jewelry?  
.....
- 5 How did these materials help them?  
.....

 **Writing**

**5 Put the words in the correct order to make sentences:**

1

- 1 help – clean – city – the – We – must  
.....
- 2 fix – Are – you – to – this car – able?  
.....

**6 Read and write the correct form of the word(s) between brackets:**

4

- 1 She ..... (mustn't) wash her hands before meals.
- 2 We ..... (should) waste food.

7 Punctuate the following:

4

1 my mother works in a hospital

.....

2 The ancient egyptians used papyrus to write.

.....

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

"An Egyptian hero"  
was born – studied – achieve

.....  
.....  
.....

## Listening

### 1 Listen and circle the correct answer from a, b, c, or d:

4

- 1 Gold is a ....., yellow, shiny metal.  
a) soft                      b) heavy                      c) rough                      d) beautiful
- 2 Ancient Egyptians used gold to make beautiful .....
- a) clothes                      b) jewelry                      c) tools                      d) houses
- 3 Egypt also has ..... in the Eastern Desert.  
a) silver                      b) copper                      c) iron                      d) bronze
- 4 We use iron to make .....
- a) steel                      b) wood                      c) clay                      d) plastic

## Reading

### 2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Papyrus is a ..... material.  
a) man – made                      b) writing                      c) building                      d) food
- 2 My dad met the ..... at school.  
a) mechanic                      b) tailor                      c) architect                      d) principal
- 3 More ..... causes more pollution.  
a) gold                      b) garbage                      c) money                      d) thorns

### 3 Read and complete the text with the words in the box:

1.5

small – solve – large – river

The High Dam is a huge wall that crosses the Nile River in Aswan, Egypt. It holds a (1) ..... lake called Lake Nasser. The dam stops the (2) ..... from flooding and keeps water for people to use during the year. Egyptians built the High Dam to (3) ..... problems with flooding and drought.

4 Read the text and answer the questions:

Mostafa El-Sayed is a brilliant Egyptian scientist! He was born in Egypt in 1933. One of his biggest achievements is his work with tiny gold particles. He found out how these “gold nanoparticles” can be used to help doctors detect and treat some types of cancer. Because of his important discoveries, Dr. El – Sayed has received many awards.

A Choose the correct answer from a, b, c, or d:

- 1 Dr. El – Sayed was born in .....  
a) 1959                      b) 1933                      c) 1993                      d) 1922
- 2 Dr. El – Sayed is a brilliant Egyptian .....  
a) tailor                      b) teacher                      c) scientist                      d) officer

B Answer the following questions:

- 3 What did he work with in his scientific research?  
.....
- 4 What can his discovery help doctors do?  
.....
- 5 What did Dr. El-Sayed receive because of his important discoveries?  
.....

 Writing

5 Put the words in the correct order to make sentences:

- 1 The – street – clean – cleaners – street - the.  
.....
- 2 working – the history – on – Are – project – you?  
.....

6 Read and write the correct form of the word(s) between brackets:

- 1 People ..... (mustn't) protect the Nile.
- 2 Teachers should ..... (helping) students learn.

7 Punctuate the following:

4

1 Dr. El – Sayed is from egypt

.....

2 the dam protects people from floods

.....

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

7

“How the High Dam helps Egypt”  
floods – electricity – crops

.....  
.....  
.....

## Listening

### 1 Listen and circle the correct answer from a, b, c, or d:

4

- 1 Dr. Magdi Yacoub was born in ..... in 1935.  
a) Cairo                      b) Assuit                      c) Alexandria                      d) Luxor
- 2 He studied medicine at ..... University.  
a) Cairo                      b) Oxford                      c) Cambridge                      d) Alexandria
- 3 He moved to ..... to learn more about heart surgery.  
a) France                      b) England                      c) USA                      d) Germany
- 4 He became one of the top ..... in the world.  
a) engineers                      b) teachers                      c) heart surgeons                      d) architects

## Reading

### 2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Bricks are made by mixing ..... and water.  
a) granite                      b) plastic                      c) paper                      d) clay
- 2 Farmers remove ..... from crops.  
a) weeds                      b) water                      c) flowers                      d) sand
- 3 Lake Nasser stores .....  
a) oil                      b) energy                      c) water                      d) sand

### 3 Read and complete the text with the words in the box:

1.5

Western – money – water – minerals

Egypt has many valuable things under the ground. We call these things (1) ..... They are very important for our country. Egypt has a lot of oil, rocks, and metals. We find oil deep under the ground, especially in the (2) ..... Desert and Sinai. Oil is a black liquid. Egypt sells oil to other countries. This brings (3) ..... to Egypt.

4 Read the text and answer the questions:

Wasting water is a big problem for the community. Sometimes, we waste water without knowing. We take long showers or leave the water running when we brush our teeth or wash the dishes. Giving plants too much water is also a waste. To stop this, we can do easy things: Take shorter showers. Always turn off the water when you are not using it.

A Choose the correct answer from a, b, c, or d:

- 1 Sometimes, we waste water without .....  
a) running      b) washing      c) brushing      d) knowing
- 2 Always turn ..... the water when you are not using it.  
a) off      b) on      c) in      d) of

B Answer the following questions:

- 3 What is the big problem in this text?  
.....
- 4 How do people waste water?  
.....
- 5 What can we do to stop wasting water?  
.....

5 Put the words in the correct order to make sentences:

- 1 shared – should – food – Leftover – be  
.....
- 2 was – long – The cactus – covered – thorns – in.  
.....

6 Read and write the correct form of the word(s) between brackets:

- 1 People ..... (mustn't) save energy.
- 2 Farmers should ..... (removed) weeds.

**7 Punctuate the following:**

4

**1** the proud rose shared water with the cactus

.....

**2** the High Dam is in aswan.

.....

**8 Write a paragraph of about (50 – 60) words using the following guiding elements:**

7

“Jobs that help my community”  
emergencies – control – clean

.....  
.....

## Listening

### 1 Listen and circle the correct answer from a, b, c, or d:

4

Energy is something we all need every day. We use it to light our homes, cook, watch TV, and charge our phones. Some energy comes from nature, like solar and wind energy. They are clean and don't pollute the environment.

- 1 Energy is something we all need every .....  
a) week                      b) day                      c) month                      d) year
- 2 We use energy to light our homes, cook, watch TV, and ..... our phones.  
a) build                      b) sell                      c) change                      d) charge
- 3 Some energy comes from nature like ..... and wind energy.  
a) solar                      b) coal                      c) gas                      d) oil
- 4 Solar and wind energy are ..... and don't pollute the environment.  
a) clean                      b) dirty                      c) harmful                      d) expensive

## Reading

### 2 Choose the correct answer from a, b, c, or d:

1.5

- 1 He isn't afraid of dogs. He is .....  
a) scared                      b) beautiful                      c) kind                      d) brave
- 2 Beauty is not as important as .....  
a) kindness                      b) size                      c) color                      d) shape
- 3 We can see ..... when we go snorkeling.  
a) turtles                      b) lions                      c) camels                      d) particles

### 3 Read and complete the text with the words in the box:

1.5

Rule – student – Nanoscience – global

Dr. Mostafa El – Sayed is a brilliant Egyptian scientist. Dr. El – Sayed became a (1) **global** expert in chemistry and nanoscience. (2) **Nanoscience** is the study of very tiny things—much smaller than a human hair. One of his most important discoveries is called El – Sayed's (3) **Rule**, a scientific idea that was named after him.

4 Read the text and answer the questions:

7

The High Dam is a huge wall that crosses the Nile River in Aswan, Egypt. It holds a large lake called Lake Nasser. The High Dam provides electricity, stores water, and protects cities from floods. Farmers use the stored water to grow crops. People use electricity in homes, schools, and factories. Saving water and energy is important for Egypt's development.

A Choose the correct answer from a, b, c, or d:

- 1 The High Dam provides .....  
a) meals                      b) cars                      c) trees                      d) electricity
- 2 The stored water helps farmers grow .....  
a) crops                      b) buildings                      c) people                      d) water

B Answer the following questions:

- 3 What is the name of the lake near the High Dam?  
Lake Nasser.
- 4 Where is the High Dam?  
Aswan, Egypt.
- 5 Where can people use electricity?  
Homes, schools, and factories.

5 Put the words in the correct order to make sentences:

1

- 1 resources – do – water – do – What – engineers?  
What do water resources engineers do?
- 2 park – keep – clean – the – We – should  
We should keep the park clean.

6 Read and write the correct form of the word(s) between brackets:

4

- 1 They **mustn't** sleep at school.
- 2 What can she **do**?

7 Punctuate the following:

- 1 my father works in cairo.  
My father works in Cairo.
- 2 the rose often made fun of the cactus  
The rose often made fun of the cactus.

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

**“Reducing food waste at home”**

**save leftovers – store properly – share**

We should reduce food waste at home by saving leftovers and storing them properly. We can also share extra food with neighbors or friends. By doing this, we help our community and prevent unnecessary waste. Everyone should follow these steps to make the environment cleaner and save resources.

## Listening

### 1 Listen and circle the correct answer from a, b, c, or d:

4

I'm doing research about jobs that help our community. I want to make a list of jobs and what they do. I want to be a mechanic because I like fixing things. Ali wants to be a paramedic because it's a brave job and he will help save lives. Sara wants to be a water resources engineer to help people get clean water. One day, we can all do something to help our community.

- I'm doing research about jobs that help our .....  
a) family      b) school      c) **community**      d) city
- I want to be a/an ..... because I like fixing things.  
a) teacher      b) **mechanic**      c) paramedic      d) engineer
- Ali wants to be a ..... because it's a brave job and he will help save lives.  
a) cook      b) driver      c) farmer      d) **paramedic**
- Sara wants to be a ..... to help people get clean water.  
a) **water resources engineer**      b) doctor  
c) nurse      d) builder

## Reading

### 2 Choose the correct answer from a, b, c, or d:

1.5

- Oil and gas are ..... energy resources.  
a) renewable      b) clean      c) natural      d) **non – renewable**
- Plastic is a ..... resource.  
a) natural      b) **man – made**      c) renewable      d) vegetable
- To reduce food waste, we should ..... food properly.  
a) **store**      b) throw      c) cook      d) ignore

### 3 Read and complete the text with the words in the box:

1.5

sunshine – power – water – wisely

Energy is something we all need every day—to light our homes, cook, watch TV, and charge our phones. In Egypt, we use electricity, gas, and solar (1) **power**. But energy is not endless, so we must use it (2) **wisely**. Some energy comes from nature, like solar and wind, which are clean and don't pollute. Egypt has lots of (3) **sunshine**, so using more solar panels saves money and helps the planet.

4 Read the text and answer the questions:

7

One day, the rose saw a small bird fly down and gently peck at the cactus. The bird drank some water from inside the cactus and flew away, happy and refreshed. The rose was surprised. She didn't know the cactus had water inside. The rose felt embarrassed and said sorry. The rose asked the cactus for some water. The kind cactus smiled and shared his water with the rose. Slowly, the rose came back to life. From that day on, she never judged anyone by how they looked again.

A Choose the correct answer from a, b, c, or d:

- The rose learned that being ..... is the most important.  
a) big                      b) colorful                      c) beautiful                      d) kind
- The bird drank water from the .....  
a) rose                      b) cactus                      c) pond                      d) soil

B Answer the following questions:

- What did the bird do after drinking water from the cactus?  
It flew away, happy and refreshed.
- Why was the rose surprised?  
She didn't know the cactus had water inside.
- What did the rose learn about judging others?  
She learned not to judge anyone by how they looked.

 Writing

5 Put the words in the correct order to make sentences:

1

- so – Why – many – do – have – thorns – you?  
Why do you have so many thorns?
- Doctors – medicine – give – people – to.  
Doctors give medicine to people.

6 Read and write the correct form of the word(s) between brackets:

4

- We are able to see the view of the garden.
- Drivers must stop at red lights.

7 Punctuate the following:

- 1 Is arabic your favorite subject  
Is Arabic your favorite subject?
- 2 Nadia and omar are my best friends  
Nadia and Omar are my best friends.

8 Write a paragraph of about (50 – 60) words using the following guiding elements:

**“Using energy in Egypt”**

**energy – save – solar panel**

In Egypt, we use electricity, gas, and solar energy. Solar panels are very useful because they save energy and protect the environment. People should turn off lights and fans when not needed. Using energy wisely helps the planet and saves money for families. Everyone should try to save energy every day.

## Listening

### 1 Listen and circle the correct answer from a, b, c, or d:

4

The High Dam helps people in many ways. Farmers use the water for irrigation, so they can grow vegetables, fruits, and grains all year. The dam also sends electricity to homes, schools, hospitals, and factories across Egypt. It protects cities from dangerous floods, and it makes sure people have water even when the river is low.

- 1 The High Dam helps people in many .....  
a) kinds                      b) areas                      c) ways                      d) countries
- 2 Farmers use the water for .....  
a) fishing                      b) irrigation                      c) drinking                      d) swimming
- 3 It protects cities from dangerous .....  
a) floods                      b) winds                      c) fires                      d) sandstorms
- 4 The dam makes sure people have water even when the ..... is low.  
a) sea                      b) river                      c) lake                      d) desert

## Reading

a) steel                      b) wood                      c) clay                      d) plastic

## Reading

### 2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Papyrus is a ..... material.  
a) man – made                      b) writing                      c) building                      d) food
- 2 My dad met the ..... at school.  
a) mechanic                      b) tailor                      c) architect                      d) principal
- 3 More ..... causes more pollution.  
a) gold                      b) garbage                      c) money                      d) thorns

### 3 Read and complete the text with the words in the box:

1.5

small – solve – large – river

The High Dam is a huge wall that crosses the Nile River in Aswan, Egypt. It holds a (1) large lake called Lake Nasser. The dam stops the (2) river from flooding and keeps water for people to use during the year. Egyptians built the High Dam to (3) solve problems with flooding and drought.

4 Read the text and answer the questions:

7

Mostafa El – Sayed is a brilliant Egyptian scientist! He was born in Egypt in 1933. One of his biggest achievements is his work with tiny gold particles. He found out how these “gold nanoparticles” can be used to help doctors detect and treat some types of cancer. Because of his important discoveries, Dr. El – Sayed has received many awards.

A Choose the correct answer from a, b, c, or d:

- 1 Dr. El – Sayed was born in .....  
a) 1959                      b) 1933                      c) 1993                      d) 1922
- 2 Dr. El – Sayed is a brilliant Egyptian .....  
a) tailor                      b) teacher                      c) scientist                      d) officer

B Answer the following questions:

- 3 What did he work with in his scientific research?  
He worked with tiny gold particles “gold nanoparticles”.
- 4 What can his discovery help doctors do?  
It can help doctors detect and treat some types of cancer.
- 5 What did Dr. El–Sayed receive because of his important discoveries?  
He received many awards.

Writing

5 Put the words in the correct order to make sentences:

1

- 1 The – street – clean – cleaners – street - the.  
The street cleaners clean the street.
- 2 working – the history – on – Are – project – you?  
Are you working on the history project?

6 Read and write the correct form of the word(s) between brackets:

4

- 1 People **must** protect the Nile.
- 2 Teachers should **help** students learn.

7 Punctuate the following:

- 1 Dr. El – Sayed is from egypt  
Dr. El – Sayed is from Egypt.
- 2 the dam protects people from floods  
The dam protects people from floods.

- 2 He studied medicine at ..... University.  
a) Cairo      b) Oxford      c) Cambridge      d) Alexandria
- 3 He moved to ..... to learn more about heart surgery.  
a) France      b) England      c) USA      d) Germany
- 4 He became one of the top ..... in the world.  
a) engineers      b) teachers      c) heart surgeons      d) architects

## Reading

### 2 Choose the correct answer from a, b, c, or d:

1.5

- 1 Bricks are made by mixing ..... and water.  
a) granite      b) plastic      c) paper      d) clay
- 2 Farmers remove ..... from crops.  
a) weeds      b) water      c) flowers      d) sand
- 3 Lake Nasser stores .....  
a) oil      b) energy      c) water      d) sand

### 3 Read and complete the text with the words in the box:

1.5

Western – money – water – minerals

Egypt has many valuable things under the ground. We call these things (1) **minerals**. They are very important for our country. Egypt has a lot of oil, rocks, and metals. We find oil deep under the ground, especially in the (2) **Western** Desert and Sinai. Oil is a black liquid. Egypt sells oil to other countries. This brings (3) **money** to Egypt.

4 Read the text and answer the questions:

7

Wasting water is a big problem for the community. Sometimes, we waste water without knowing. We take long showers or leave the water running when we brush our teeth or wash the dishes. Giving plants too much water is also a waste. To stop this, we can do easy things: Take shorter showers. Always turn off the water when you are not using it.

A Choose the correct answer from a, b, c, or d:

- 1 Sometimes, we waste water without .....  
a) running      b) washing      c) brushing      d) knowing
- 2 Always turn ..... the water when you are not using it.
